

Activating your Swarm Tile

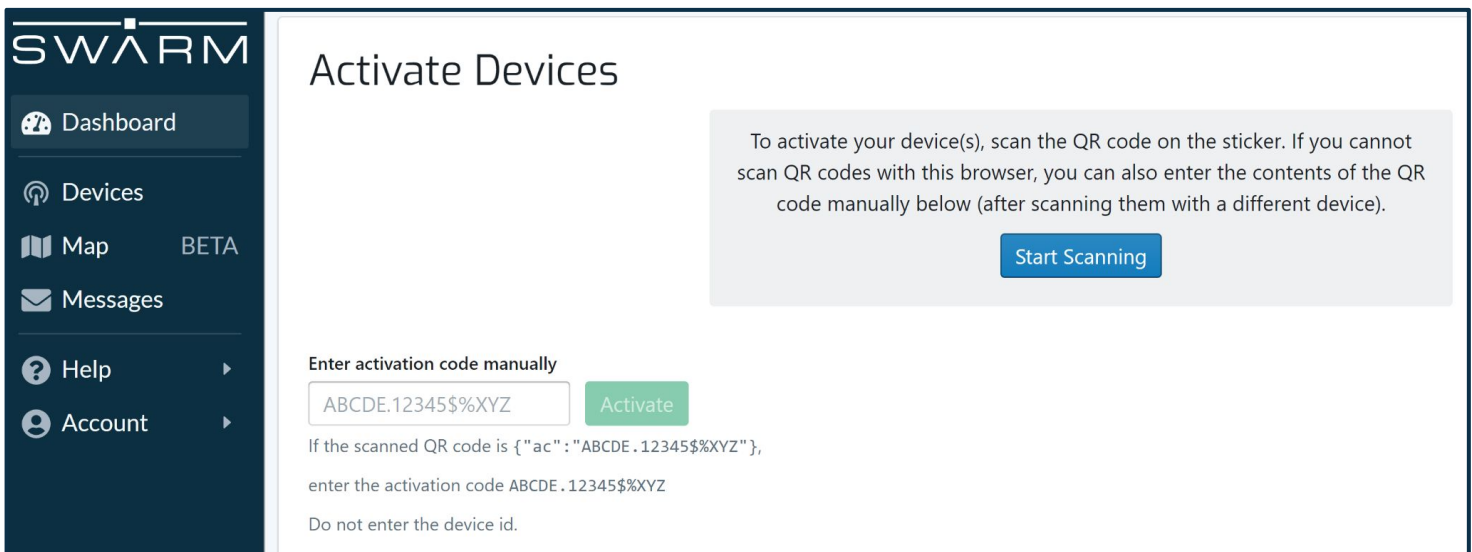

1 Create your Hive account and sign in:

<https://bumblebee.hive.swarm.space/hive/ui/sign-up>

After signing up, an activation email will be sent to you.

2 Navigate to Devices > [Add Devices](#):

3 Click [Start Scanning](#) to scan your Swarm Tile QR Code:

The Swarm Tile modem is located inside the Evaluation Kit.

If you are unable to use the browser-based scanner, you can also use your camera app to scan the Tile QR code and enter the auth code in the Hive manually.

See example below:
